

Hiring Registered Nurses (RN's)

Job Description

St. Joseph Residence is seeking qualified Registered Nurses. We invite you to apply if you are a customer service oriented RN who enjoys a fast paced day and can multi-task while giving superior care and customer service. Will consider new graduate nurses.

St. Joseph Residence is a not-for-profit corporation founded by the Religious Hospitallers of Saint Joseph, owned and operated by Catholic Health International. We are a continuing care campus offering an array of services and settings including independent apartments, CBRF, RCAC, and a skilled nursing facility. Compassionate care is delivered in a faith-based environment, emphasizing independence, respect, and dignity.

The RN Unit Nurse is responsible for managing all aspects of our resident's medical care including medication pass, treatments, assessing for change of condition, and managing the workflow on the unit collaborating with the certified nursing assistants and other departments to deliver daily cares to meet the needs of the residents residing on the unit.

Responsibilities Include

- Oversee all areas of the resident medical needs on a daily basis.
- Implement resident care plans & educate staff on changes.
- Medication pass, treatments, assess for change of condition.
- Supervision of the nursing assistants on the unit utilizing a teamwork approach.
- Work in collaboration with physicians, family members, and other healthcare professionals.
- Provide direct care to residents as needed.
- Responsible for timely and accurate charting in the medical record.
- Participates in performance improvement projects.
- Represent the St. Joseph Residence campus in a professional, customer service oriented manner.

Job Requirements

- Valid license as a Registered Nurse (RN) in the State of WI.
- Current CPR certification or ability to obtain prior to employment.
- Must be able to multi-task and work in a face paced environment.
- Excellent communication and interpersonal skills and the ability to work as a team.
- Previous experience in long term care preferred, but will train new graduate nurses who possess the above mentioned skills.
