New Staff at the New London Aquatic and Fitness Center

The New London Recreation Department is pleased to announce new staff at the New London Aquatic and Fitness Center! Reid Fieber has taken over the role of Aquatic Manager at the Facility, replacing the retired Lori Gorges. Reid comes to the department with a vast knowledge of American Red Cross training. He oversaw an Aquatic Facility in Moberly Missouri before coming back to his home state of Wisconsin. He was born and raised in the Eau Claire area where his dad was the parks and recreation director for many years.

We are also bringing a new position to the facility with a full time Aquatic Supervisor. Morgan Gorges is in her 2nd week of that position where she will oversee the front desk and operations during the evening hours at the facility. Morgan is a New London Native that just graduated from Marian University with a degree in Exercise Sport Science. While at Marian she supervised dorms and worked at the school store. We are excited to have these new faces down at the facility so please welcome them the next time you visit!

TREAT**
OCT 31, 2018
5PM - 7PM

Food Pantry is in need of your donations!

The New London Area Food Pantry located out of the New London Senior Center has bare shelves right now which can be scarier than the Haunted Trail with the holiday season looming. Thanksgiving and Christmas can bring in a lot of donations, but right now there are more hungry families than usual and that can be espe-

cially hard at this time of the beginning of a new school year. To donate items contact Kim Ebert at 982-8522. They do have the means to collect fresh and frozen goods as well as non-perishables, so please feel free to donate whatever you wish, we will graciously accept it!
