Plach is our Dealer of Choice!

We'd like to Thank Plach Automotive once again for superior customer service all around. From our helpful and no pressure (which to us is important) Sales Consultant John, to Business Manager Wade who guided us through the financial details and paperwork so that we clearly understood everything and to the Owner Dan Plach who made sure everything came together seamlessly. This our 2nd highly satisfied auto purchase from Plach and from our point of view, it will be a continued relationship into our future with positive referrals to the people in and around our lives who are looking for a great automotive dealer experience.

First Time Buyers

My husband and I were looking to purchase two cars at once, for the first time ever. The moment we walked in the door we were treated with respect and were not pressured in anyway. The salesmen listened to our request and help us get into two fabulous cars, the customer service level was amazing. I would definitely recommend Plach Automotive, to everyone I know.
