

The Downtown Revitalization
Subcommittee presents

New London
Green Team

Pride has an address

The Downtown Revitalization Subcommittee is committed to identifying best practices for building rural prosperity and community pride throughout the New London area.

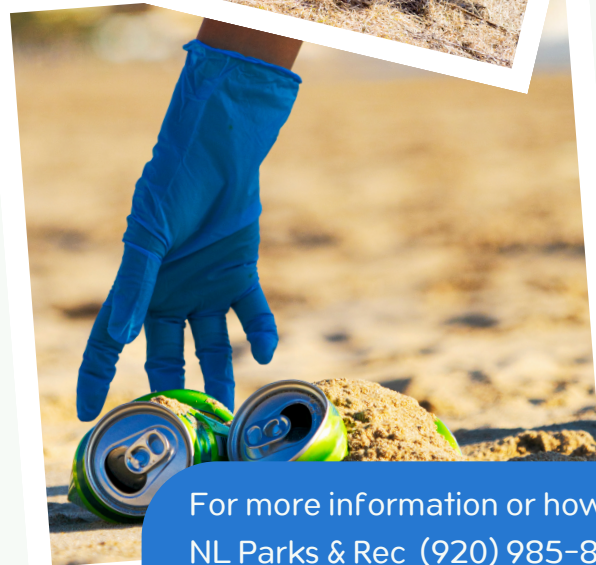

After being inundated with requests for volunteer opportunities, we've created a program that allows groups, community members, students and businesses to give back.

Help us by picking up trash, cleaning, sweeping and removing graffiti and beautifying the City we love with all supplies provided!

It's a great way to show the community you care and do a little team building in with your civic group, employees, students or clubs along the way!

For more information or how to get involved call
NL Parks & Rec (920) 985-8521
NL Chamber of Commerce (920) 982-5822
or scan the QR Code to sign up today!

Pride has an address...help us revitalize our downtown!

Projects include but are not limited to...

Garbage Removal

Perform street sweeping and trash removal for the Downtown area.

Gutter and Curb Detailing

Keeping gutters and curbs clear of trash, leaves and debris.

Park Beautification

Groups can be regularly assigned to specified parks and public spaces to keep them vibrant. Pulling weeds, painting or wiping down amenities.

Graffiti Removal

Groups can be trained to remove graffiti on public property.

Specialized Clean-Focused Initiatives

Depending on the needs at the time, we can collaborate with DPW and Parks Departments to launch specialized clean initiatives. Examples include the Wolf River Preservation River Clean Up, the Fox-Wolf Watershed Alliance Clean Up or other site or park specific clean ups that may not be downtown.

Or Submit a Service Request!

Do you own a business downtown or even just do business downtown and see something that could use some TLC, fill out the Service Request form by scanning this QR Code and we can assign it to a Green Team!

If it is something that needs immediate attention, please contact the Parks & Recreation Office at (920) 982-8521 and report it there!!

**This effort made possible by the City of
New London, New London Area
Chamber of Commerce along with Local
Downtown Businesses**
